

STUDENT DISCIPLINE OUT-OF-SCHOOL ACTIONS

The Board recognizes that out-of-school conduct of students attending school within this district is not normally a concern of the Board. However, the Board believes that disciplinary action for conduct occurring off school property and not involving a school activity is proper if the conduct has an adverse effect upon the school.

Therefore, it is the policy of this Board that any student attending school within this District will be subject to disciplinary action including, but not limited to, suspension from school for any conduct that, in the opinion of the school administrators, has an adverse impact upon the school.

Such activity includes, but is not limited to, the following:

1. Damaging school property, e.g. a school bus;
2. Engaging in an activity that causes physical or emotional harm to other students, teachers, or other school personnel;
3. Engage in activity, which directly impedes discipline at school or the general welfare of school activities.
