

Windham School District

JLCA

PHYSICAL EXAMINATIONS OF STUDENTS

Each child *must* have a complete physical examination within a one-year period before entry first to school.

However, no medical examination shall be required of a child whose parent or guardian objects thereto in writing on the grounds such medical examination is contrary to his/her religious tenets and teachings.

Parents of students transferring to the District must present proof of meeting the physical examination and immunization requirement. Failure to comply with this provision may result in exclusion from school for the child.

A child shall be exempted from the above immunization requirements if he/she presents evidence from his/her physician that immunization will be detrimental to his/her health. A child shall be excused from immunization for religious reasons upon signing of a notarized form by the parent/guardian stating that the child has not been immunized because of religious beliefs.

Students must pass a physical each year to be eligible for athletics for that school year. Any injured Student excused from athletic practice while under a physician's care must provide written authorization from a physician to the coach to resume practice.

No child shall be excused from regular physical education except on the written notice of a duly licensed physician or on the written request of the parents, subject to Board approval, in which case an alternative program shall be provided. Temporary excuses on a day-to-day basis may be granted by the Teacher upon the request of the parents.

PARENT NOTIFICATIONS-CERTAIN CIRCUMSTANCES

If the District utilizes federal money to perform physical exams or screenings on students, the District will annually notify parent(s) of such physical exam or screening, except for vision, hearing, scoliosis, height or weight.
